Please initial each line:

- a. Contractor verifies that materials and equipment described in this submittal conform to the requirements of the Contract Documents. _____
- b. This submittal does not deviate from the Contract Documents. _____
- c. This submittal does not conflict with other submittals or the Contract Documents. The submittals have been coordinated. _____

The Prime Contractor has determined and verified all quantities, dimensions, field construction criteria, material catalog numbers and similar data, or assumes full responsibility for doing so. I have reviewed and coordinated each submittal with the requirements of the Contract Document.

Signature

(Each copy of the submittal shall be collated and assembled by the Prime Contractor. Each copy of the submittals shall have the cover sheet attached to it.)
